POLITICAL ACTION UPDATE: SHELBY ELECTRIC COOPERATIVE MEMBERS

Thank You

for your continued support of America’s Electric Cooperative’s stance with regard to the proposed EPA regulations on new power plants. Currently over 500,000 signatures from across America have been collected in this effort to tell the EPA we need an ALL OF THE ABOVE APPROACH to our energy future. .... But friends, this is not enough. The EPA is at it again.

Additional proposed regulations have been released stating the EPA is now after EXISTING POWER PLANTS.

Make no mistake, if passed, these regulations will have direct impact on Illinois, Illinois jobs, the power plants we receive power from each day and YOUR ELECTRIC RATES.

Current studies show proposed regulations will have a direct impact on electric rates of as much as 40%. That’s 40% of not just Shelby Electric rates but all Mid-West Cooperatives and Investor-Owned Utilities including Ameren.

We need your help. Please complete the form at the bottom of this letter and return it with your payment stub (form below can also be completed online at www.action.coop). If you’ve filled one out before --- PLEASE DO SO AGAIN. Tell your family, friends and neighbors. The forms are not specific to individual members of the cooperative – anyone can fill one out. Additional cards can be picked up at our office or mailed to you upon request. Signatures are needed by October 16, 2014.

Shelby Electric Cooperative respectfully suggests that additional regulations are not the answer; we need a comprehensive energy policy that relies on all our available supplies – coal, natural gas, nuclear and renewable energy. We need stability – stability comes through the path we’ve developed. Should the EPA win in this fight, we fear the worst with regard to electricity costs for you, your family and all cooperative members.

MORE INFORMATION CAN BE FOUND AT WWW.ACTION.COOP, on our website (www.shelbyelectric.coop) and on facebook (www.facebook.com/YourCoop).

Join us and the other 42 million cooperative members across the country in sending a message to the President and EPA. Fill out the form below and return it with your payment stub, drop it off at our office or fill it out electronically at www.action.coop.

Thank you,

Shelby Electric Cooperative Board of Directors and Jim Coleman, President/CEO

SHELBY ELECTRIC COOPERATIVE—PO Box 560—1355 HWY 128—Shelbyville, IL 62565

I am a member of Shelby Electric Cooperative. I authorize America’s Electric Cooperatives to communicate on my behalf regarding America’s electricity challenges. America needs an All Of The Above Energy Strategy that includes clean coal, natural gas, nuclear power and renewable energy. The U.S. EPA needs to reconsider its “All-But-Coal” approach.

Cooperatives and Jobs…

Cooperative businesses are run by those who live and work in the community keeping jobs at home.

Lots of businesses talk about growing their communities. For cooperatives, it’s not just talk. It’s what we’re all about.

We’re in it for the long haul … strengthening communities through jobs, service and community involvement.

Maybe that’s why we’re more trusted than businesses owned by Wall Street investors.

Cooperatives

Owned by Our Members, Committed to Our Communities

Your Power — Your Plan — Your Choice

UPay - a Prepaid Electric Service from Your Cooperative

Real power solutions to fit your way of life.

Have you ever wished you could take control of your energy consumption? Now you can with UPay, a prepay energy solution from Shelby Electric Cooperative.

UPay works best for members wanting to take control of their electric use and monitor consumption.

Research has found using the prepaid method of buying electricity can actually save you money by reducing your consumption.

UPay allows you to:

- Control your energy use and budget
- Pay for energy as you use it
- Purchase electricity on your schedule
- Monitor and reduce energy use
- Pay as you go, no monthly bills
- Have greater flexibility with seasonal homes
- Pay and manage a family member’s bill
- Control your budget if you are on a fixed income
- Control and manage electric consumption on rental property
- Enjoy savings with reduced consumption

Optional In-Home Display

UPay prepaid from Shelby Electric Cooperative gives members the control to monitor their electric consumption on a regular basis which allows the member to notice patterns in their day-to-day use. The beauty of the UPay program is that it fits YOUR budget. You can buy enough electricity to last until payday or you can buy enough to last several months. The choice is yours!

Contact Shelby Electric Cooperative to learn more about this prepaid option by calling 1-800-677-2612.

The SEC phone payment and e-bill options for checking or savings accounts will not be made available to members who have had NSF or returned funds with SEC within the past 12 months.
